

GRADING THE SCHOOLS | STATE RELEASES RANKINGS

ABOUT THE ACADEMIC PERFORMANCE INDEX

The state on Wednesday released rankings based on the Academic Performance Index, which measures scores on standardized tests taken last spring. Most North County schools are in the top half of the rankings, which are on a low-to-high scale of one to 10.

CHART LEGEND

n N/A = Means a number is not applicable or not available due to missing data. Small schools do not receive some rankings.

n * = API scores are less reliable for small schools, according to the California Department of Education.
